

## **Attention Customers:**

Heard County Water Authority has not increased rates since 2012. However, due to increased operations costs, the Heard County Water Authority will be increasing rates effective April 1, 2019. These rates will be reflected on the bill to be processed on May 21, 2019, with a due date of June 10, 2019.

**You can compare these rates with the rates printed on the back of your bill for perspective on how this will impact you.**

The increases are as follows:

Base Rates for water and sewer will increase by \$1.00

Residential tiered water usage rates will change as follows:

0-5,000 gallons            base rate plus \$5.50 per thousand

5,001-10,000            base rate plus \$6.95 per thousand

Over 10,000 gallons    base rate plus \$7.75 per thousand

Commercial/Agricultural/Industrial water usage rates will increase from \$5.00 to \$6.00 per thousand gallons.

Sewer usage rates will increase from \$5.00 to \$6.50 per thousand gallons. Sewer usage rates are the same for residential, commercial, agricultural and industrial.

If you have any questions about your water or sewer bill, please call our office at 706-675-3358 and speak with a staff member. We value you as a customer and look forward to assisting you.
